The University of Konstanz is one of eleven Universities of Excellence in Germany. Since 2007 it has been successful in the German Excellence Initiative and its follow-up programme, the Excellence Strategy.

The Zukunftskolleg is an Institute for Advanced Study for early career researchers in the natural sciences, humanities and social sciences. It is a central component of the university's strategy "creative.together". The *Zukunftskolleg* promotes interdisciplinary discourse between distinguished researchers from Germany and abroad, and provides them with the resources to conduct their research independently and free from administrative constraints. The working language is English.

Each fellow is a member of both a university department and the Zukunftskolleg. Additionally, fellows of the Zukunftskolleg can be affiliated to the Clusters of Excellence at the University of Konstanz: "[Politics of Inequality](#)" or "[Centre for the Advanced Study of Collective Behaviour](#)".

The target group consists of excellent researchers at the early postdoctoral level, with leadership abilities and a capacity for teamwork, so that they can reasonably be expected to take up leading roles in academia.
